

Ice Cream Sandwich Dessert

By Shirley Hoogstra and Laura Vogelzang

1 bottle of chocolate syrup

1½ cups of chopped walnuts

10 Double-Stuf Oreos

6 Heath candy bars

14 oz. bag of M&Ms

Large lite cool whip

24 ice cream sandwiches

Directions: Begin by placing a layer of ice cream sandwiches along the bottom of a large square, baking dish. Some ice cream sandwiches may need to be trimmed in order to fit. Apply a layer of cool whip over top of the ice cream sandwiches. Then, drizzle chocolate syrup over the cool whip. Add walnuts and crushed heath bars and oreos. Now apply another layer of ice cream sandwiches. To finish it off, apply another layer of cool whip, drizzle chocolate syrup, and add M&Ms. Try any combinations you like, but remember that the key is layers.
